Inspirational Quote for Your Week
of February 1, 2010

"Success is focusing the full power of all you are
on what you have a burning desire to achieve."

Wilfred Peterson

WORDS OF WISDOM

Wisdom is the sharing of wise experiences and knowledge, but a lot of it is common sense. The difference is how we apply this common sense - we all have the ability to keep going even when we face challenges in our lives - basically it comes down to your attitude.

We can have a positive attitude towards life, or a negative attitude. We can focus on the good or we can focus on the bad. Keeping a positive mental attitude is one of the keys to success.

The choice is always up to you!

A LITTLE HUMOR

A little girl is sitting watching her mother do the dishes at the kitchen sink. She suddenly notices that her mother has several strands of white hair sticking out in contrast to her brunette hair. She inquisitively asks, "Why are some of your hairs white, Mom?"

Her mother replied, "Well, every time a little girl does something wrong and makes her mommy cry or makes her unhappy, one of her hairs turns white."

The little girl thought about this revelation for a while and said, "You must have really aggravated Grandma."

COFFEE IN BED

A sweet little boy surprised his grandmother one morning and brought her a cup of coffee. He made it himself and was so proud. He anxiously waited to hear the verdict on the quality of the coffee.

The grandmother had never in her life had such a bad cup of coffee, and as she forced down the last sip she noticed three of those little green army guys in the bottom of the cup. She asked, "Honey, why would three little green army guys be in the bottom of my cup?"

Her grandson replied, "You know grandma, it's like on TV... 'The best part of waking up is soldiers in your cup.'"
